Dear Sir:

I received your letter concerning service of process to defendants on a case that is in front of you.

On 1/23/08 I made a personal appearance at the pro-se office, there it was discovered that my entire packet was returned by the Fed-Ex company made the error and the Pro-Se clerk can also agree to this error. I followed the procedure in notifying the court of a change of address, certified, return receipt.

But I never received the packet in a timely manner so I can file the proper papers. Again, the clerk at the pro-sea office is a witness too why I didn't receive my papers to serve.

I ask if may you kindly view this matter and if you ~~may~~ may grant me a 30-day extension so I may start work and issuing the complaints to dependant involved.

Sincerely,

A. Caryoglio

Request GRANTED. The time for plaintiff to serve defendants herein is extended to 2-28-08.
